

CANNON'S NAME THE ONLY ONE

Mentioned At The Illinois State Republican Convention In Springfield For Presidency.

ROOSEVELT AND DENEEN ENDORSED

Delegates-At-Large Ordered To Do Everything In Their Power To Nominate The State's Favorite Son At Chicago Convention.

[BY ASSOCIATED PRESS.]

Springfield, Ill., March 26.—At ten o'clock today the republican state convention was called to order by Roy O. West, chairman of the state central committee. George Buckingham of Danville was made temporary chairman. The convention is solidly for Cannon for president and endorsed his candidacy in so strong terms as language permitted. It also upheld the administration of Governor Denen. All the other state officers of the party were endorsed as were the senators, Cannon and Hopkins. The administration of Roosevelt was also highly praised. The tariff plank of the platform declared in favor of "revision," it being the idea of its framers that the former word is more comprehensive.

The Leland hotel was reported on fire and the convention has taken an adjournment. It was generally believed

until just before the convention met that the tariff plank would declare for an "adjustment," but at the last minute it was stricken out and "revision" alone was asked for. The platform approves of a vigorous enforcement of the interstate laws against all combinations, monopolies and trusts. It calls for such financial legislation as will give to the country districts the same protection as the central reserve cities and prevent a recurrence of financial disturbance. The delegates to the national convention were instructed to cast their votes for Cannon and use every possible means to secure his nomination. The platform was unanimously adopted and every mention of Cannon's name was greeted with great cheering.

The convention elected Senators Shelby M. Cullom and Albert J. Hopkins, Governor Charles S. Deneen and Mayor Fred A. Busse of Chicago delegates at large and then adjourned.

Winneconne School of Agriculture and Domestic Economy to Have Same Teachers.

[SPECIAL TO THE GAZETTE.]

Oshkosh, Wis., March 26.—The faculty of Winneconne School of Agriculture and Domestic Economy was re-elected at the regular meeting of the county school board of Winneconne. Principal Hatch was given an advance from eighteen hundred dollars to two thousand annually. T. M. Anderson, teacher of domestic science, was employed for another year at eight hundred and fifty dollars. There were fifty-six students on the roll.

TRAIN WRECKED AT CORLISS STATION

Sixteen Freight Cars Pitched Into Ditch and Blocking the Track.

[SPECIAL TO THE GAZETTE.]

Racine, Wis., March 26.—A wreck occurred this morning eight miles south of Corliss station on the St. Paul road. Sixteen freight cars were pitched into the ditch and across the track, blocking traffic. Trains are passing through here on the C. & N. W. road. It is reported that two brakemen were seriously injured.

MARSHFIELD MAN KILLED BY TRAIN

Otto A. Beckus Struck and Killed by Wisconsin Central Train This Morning.

[SPECIAL TO THE GAZETTE.]

Marsfield, Wis., March 26.—Otto A. Beckus, brother of assistant District Attorney August Beckus of Milwaukee, was struck and instantly killed by the 6:40 westbound passenger on the Wisconsin Central this morning. He was secretary and part owner of the Marsfield brewery.

ICE DOES DAMAGE AT STONEY BEACH

Wind Breaks Ice Against Shore and Docks Are Smashed and Trees Torn Up.

[SPECIAL TO THE GAZETTE.]

Oshkosh, Wis., March 26.—Considerable damage was done yesterday at Stoney Beach, a summer resort south of the city, by the wind which pushed the ice upon the shore and smashed the docks and uprooted trees. The boughs were also damaged.

Damages were also done by the wind at New Park of this city. The houses were pushed up onto the shore about thirty feet.

HAS A CONFERENCE IN CAPITAL TODAY

William J. Bryan Confers With Democratic Leaders In Washington.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., March 26.—William J. Bryan paid a visit to the capital today, not to feel the public pulse in regard to the Johnson boom, more, as he stated, to confer with some of his political friends on the general outlook for the coming campaign. During the day he had brief talks with many of the Democratic leaders in Congress. Mr. Bryan will go from this city to Pittsburgh and will wind up the week with a public speech in Parkersburg, W. Va., Saturday night.

FACULTY REELECTED BY COUNTY BOARD

STATE CONVENTION OF IOWA DEMOCRATS

Meets at Cedar Rapids to Elect Delegates for Denver Convention.

[BY ASSOCIATED PRESS.]

Cedar Rapids, Iowa, March 26.—The Democratic state convention for the purpose selecting delegates to the national convention met at 10:30 this morning. Claude R. Porter was elected chairman.

Cannon held earlier developed some spirited contest, but the Bryan men were clearly in the majority. The place of the next state convention was changed from Sioux City to Des Moines.

ANNUAL ENCAMPMENT OF WAR VETERANS

National Association of Blue and Gray Veterans Meets in Florida.

[SPECIAL TO THE GAZETTE.]

Petersburg, Fla., March 26.—A good representation of veterans from both sides of Mason and Dixon's line was on hand today at the opening of the second national encampment of the National Association of the Blue and Gray Veterans. The encampment will be in session two days, with Gen. J. S. Carr of Southern Pines, N. C., presiding.

IN CRITICAL STATE: LOCKJAW HAS SET IN

Little Hope for Thirteen-year-old Johnnie Farrell, Who Was Accidentally Shot by Playmate.

Milwaukee, Wis., March 26.—Otto A. Beckus, brother of assistant District Attorney August Beckus of Milwaukee, was struck and instantly killed by the 6:40 westbound passenger on the Wisconsin Central this morning. He was secretary and part owner of the Marsfield brewery.

FORMER ALDERMAN SCHMIDLEY INJURED

In Runaway on Milwaukee Street This Afternoon—Thrown from Rig and Carried to Dr. Field's Office.

While Ex-Alderman Edward Schmidley was driving on Milwaukee street this afternoon, the patient's car worked loose, allowing them to fall on the horse's heels. The frightened animal ran away and the occupant of the vehicle was thrown into the street. When picked up and conveyed to Dr. George Field's office, it was found that he had been severely bruised about the head, legs, and shoulders, and that one of his ears was badly torn. No bones were broken and it is not believed that he has sustained any internal injuries.

Va., Saturday night.

[SPECIAL TO THE GAZETTE.]

Janesville, March 26.—The Knickerbocker Trust Company, which suspended at the beginning of the financial panic last October, reopened for business at noon today, thus marking the advent of another progressive period in the era of reconstruction in the financial and industrial world. The company resumes business in accordance with the plans agreed upon by a committee of depositors after four months' labor. The resumption means the release to the welfare of the community of assets aggregating nearly \$50,000,000. The plan, which were made public several weeks ago, provide for only a percentage of withdrawals for the next six months.

THIRD CONVENTION HELD IN MARYLAND

Young Men's Christian Association of Three States Meet in Annual Convention.

[BY ASSOCIATED PRESS.]

Frederick, Md., March 26.—Enthusiasm appeared to be the keynote at the opening of the third-biennial convention of the Interstate Young Men's Christian Association here today. The roll call showed a full attendance of delegates and many visitors from all sections of Maryland, Delaware, West Virginia and the District of Columbia.

The three-days' program arranged for the gathering is filled with attractive features. Foremost among the noted speakers is Senator La Follette of Wisconsin, who is down for an address this evening. Many noted clergymen, evangelists and association workers also will be heard. Included among the number are Rev. Dr. S. H. Woodrow of Washington, Dr. Peter Roberts of New York, Rev. John Timothy Stone of Baltimore, L. A. Coulter of Virginia, Dr. Charles K. Swartz of Johns Hopkins University, Dr. T. H. Lewis of Western Maryland College and Dr. C. C. Doney of West Virginia Wesleyan College.

The discussions will deal with every phase of Y. M. C. A. activity and will treat of the religious life of the state, of the city, the country and the industrial districts.

COLLEGES DEBATE JAPANESE PROBLEM

Oregon, Washington and Idaho Universities Will Debate Tonight.

[SPECIAL TO THE GAZETTE.]

Seattle, Wash., March 26.—Every argument pro and con in regard to the Japanese exclusion question may be heard from the platform in the simultaneous debates scheduled for this evening at the state universities of Oregon, Washington and Idaho. Each university has named two teams. The debates to be held in Seattle, Eugene and Moscow.

The question of debate is embraced in the following proposition: "Resolved, That the Chinese immigration laws should be extended so as to include the Japanese."

Noted educators, judges of the bench and public officials have accepted invitations to act as judges of the contests, among them being Mayor Alex Bothine of Vancouver, B. C., Justice Hadley of the Supreme Court of Washington, G. W. Montague of Portland, President Crooks of Albany college, and Professor Pruden of Willamette University.

OBITUARY.

Henry Sykes

The funeral of Henry Sykes will be held tomorrow afternoon at two o'clock from the home of George S. Wright, 65 Park avenue. Mr. Sykes died in Panama, March 10, and the remains were brought here yesterday. Mrs. Sykes and one daughter, Ethel, were with him in Panama. He leaves to mourn his loss besides his wife four daughters, Coral, Mildred and Eleanor of Mason City, Iowa, and Ethel, who was with him. A brother, John Sykes, lives in Milton Juneau. Rev. R. M. Vaughan will conduct the funeral services.

Patrick James Arner

The funeral of Patrick James Arner, the infant son of Mr. and Mrs. Arner of the town of Janesville, was held this morning at nine o'clock from St. Mary's church.

Mrs. Margaret Kane

The funeral of the late Mrs. Margaret Kane of this city was held this morning at nine o'clock at St. Mary's church. Rev. Father Harlan of Edgerton and Father McMillin of St. Patrick's church celebrated solemn high mass. The pallbearers were her four sons, William, John, Edward and Frank Kane, her son-in-law, C. J. Jones, and grandson, Harry F. Jones. The floral offerings were many and beautiful. She was tenderly laid at rest in Mt. Olivet cemetery.

Edward T. Hammer

The funeral of Edward T. Hammer will be held Friday afternoon at twelve o'clock from the home near Shoppes and at two o'clock from the Emerald Grove church. The Rev. Mr. Davidson will conduct the services. The pallbearers will be J. F. Barba, Charles Yeomans, Wm. Reeder, Wm. Kunkleman, E. J. Culver and Leonard Vogel and the interment will be in the Emerald Grove cemetery.

Francis Bell

The funeral of Francis Bell was held this morning at ten o'clock from the home of his daughter, Mrs. J. B. Day, on South Third street. The services were conducted by the Rev. R. C. Denison and the pallbearers were E. Eddington, Wm. Blodir, Andrew Scott, and Andrew Timpany. The interment was by the Oak Hill cemetery.

Link and Pin

North-western Road.

Teachers and pupils are enjoying a week's vacation.

The many friends of Miss Ella Kyle will be grieved to learn of her death which occurred Wednesday morning in St. Joseph's hospital in Milwaukee.

GAVE HIMSELF AWAY.

Clerk.—Mr. Bondclipp, lady begs to speak with you over the telephone. I believe it is your wife.

Mr. Bondclipp—Begs to speak with me? That isn't my wife.—Flegende Blaetter.

WHY SHE CAN'T.

She (scornfully)—Pooh! I could marry a title as well as any one if it were not for one thing.

"And what's that, pray?"

"I haven't the money to make the purchase."—N. Y. Times.

Read the want ads.

DON'T EXPERIMENT.

You Will Make No Mistake If You Follow This Janesville Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Dean's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Janesville. Follow the advice of a Janesville citizen and be cured yourself.

Mrs. Joseph Gower of 6 Park Ave., Janesville, Wis., says:

"A dull aching and pain in the loins often extended around to my sides and there seemed to be no relief from the misery it brought me. Sometimes I was actually unfit for work. I used liniments and hot applications and tried various remedies but all the time I was growing worse. Finally I saw Dean's Kidney Pills recommended in our papers and procured a box at the People's Drug Co. They gave me relief almost instantly and in a few days after taking the first dose the backache and misery left me. I gained strength and since then have had no return of the trouble."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

TWO MORE VESSELS TO HAITI.

Marietta and Paducah Ordered to Go to the Island.

Washington, Mar. 26.—Two additional war vessels were ordered to Haiti Wednesday following a conference of officials of the state and navy departments. As the Des Moines already had been sent to the scene of the recent outbreak, which endangered the lives of foreigners on the island, the United States will be represented by three war vessels in Haitian waters. The two vessels dispatched Wednesday are the gunboats Marietta and Paducah, both of which have been at Guantanamo, Cuba, preparing for target practice. The exact nature of the disquieting news from Haiti, the receipt of which brought about this precautionary step, was not disclosed by the state department.

REPUBLICAN TOWN COMMITTEE.

Caucus Notice

Notice is hereby given that the caucus of republican electors of the town of Rock will be held at Rockman's hall at Alton, Saturday afternoon, April 4th, at two o'clock, for placing in nomination a town ticket and for the transmission of such other business as may properly come before the meeting.

AMENDMENT TO LAW

Just at the present time there is before congress an amendment to the Sherman Anti-Trust law whose direct results are doubtful. In commenting upon the proposed change in the original law the Wall Street Journal says:

"The Sherman anti-trust law was passed in 1890, when the thought of the American people was impressed with the need of preventing unreasonable combinations of capital in restraint of trade. The law as framed, however, drew no distinction between reasonable and unreasonable agreements and combinations."

"In 1908 the thought of the American people has become impressed with the need of amending the law so as to permit of reasonable combinations, and a bill to that effect has been introduced into congress by Mr. Hepburn that has the support of the President and of the National Civic Federation, an organization which represents the idea of conciliation in disputes between capital and labor.

"There is nothing surprising in this change in public opinion. It is the natural rebound or reaction from an extreme. In the prudeworthy effort to suppress injurious monopolies, a law was enacted which went too far and by its terms prohibited all combinations which were in restraint of trade, although many such combinations were beneficial in that they simply regulated competition so as to prevent it from reaching the point of anarchy and disaster.

"Oppressive monopoly is just as abhorrent now as it was eighteen years ago, and there is just the same desire to stamp it out now as there was then. But the enforcement of the Sherman anti-trust law has demonstrated its weakness, in that it did not permit of proper combinations, and the thoughtful people of the country have come to see that it is an important to prevent unreasonable combination.

"The Hepburn bill to amend the Sherman anti-trust law, is a measure of great length and establishes extensive machinery for determining what is and what is not reasonable combination, conferring new and large powers upon the federal government. In the regulation of the corporations, the bill is of such length that it will require much analysis and discussion to determine whether it is wise in all of its provisions.

"There are two ways of determining what is reasonable and unreasonable combinations. It is not to be thought that the decision would be left to the combination itself. There must be some umpire or referee or tribunal, established to determine whether the combination is antagonistic to the public welfare or not.

There are two such possible tribunals: one to the courts and the other would be the executive branch of the government under some such arrangement as is proposed in the Hepburn bill. The practical question is whether the burden of determining the reasonableness of these combinations shall be thrown upon the courts or whether a speedier and more effective regulation could not be provided by a system of executive action. There are certainly some attractive features about the proposed bill. The system of registration of corporations and labor organizations would at least provide for a more adequate publicity and for more regularity in competi-

tive methods. On the other hand, it means an enlargement of the machinery of government; a widening of the sphere of governmental supervision over business affairs, which is always to be avoided if it is possible to do so without producing a more mischievous condition than the proposed remedy would be.

"If there is to be a legalization of reasonable combinations of capital, certainty in all fairness there should be a legalization of combinations of labor. There is no justice in establishing a rule for capital that does not apply with equal force to labor. There would be no justice in giving labor any privilege which could not be enjoyed by capital. Both should stand upon an absolute plan of equality. One of the best features of the proposed law is that it provides for the registration of labor organizations and for the legalization of their combinations.

"It is noteworthy, however, that the bill does not go to the extreme demanded by Mr. Gompers of the American Federation of Labor. It would not legalize the boycott. Nothing would have been more unjust than to put into a bill, intended to provide for reasonable combinations, while prohibiting unreasonable combinations, a provision which would enable the labor organizations to use the boycott as a weapon of industrial war. If there is anything which is unreasonably and abhorrent, it is the boycott and the blacklist. They are not fair methods of competition, and they should be stamped out."

TAFT DELEGATES

An anxious reader of the Gazette sends in the following request: "A lot of my former neighbors want to vote for Taft delegates. Who are they and how can we do it?"

The answer is most simple. The Taft delegates are Frederick C. Winkler of Milwaukee, Hiram O. Fulchard of Green Bay, Captain John M. Estes of Stoughton, and Adolph Homstad of Black River Falls. These are the delegates at large. The district delegates are Peter B. Nelson of Racine and Henry D. Barnes of Elkhorn.

Chicago had a three-million-dollar bill that bids fair to make a stir in the world when it starts to spend its fortune.

It does not look now as though the American motor car would buy my company on its trip through Siberia.

Railroads throughout the country have at last discovered the address of the United States Supreme court.

China begins to doubt the plans of Japan to become its ally against the encroachment of the white races.

Persecution in Russia has filled the world with a lot of fanatics that sue red every time they look.

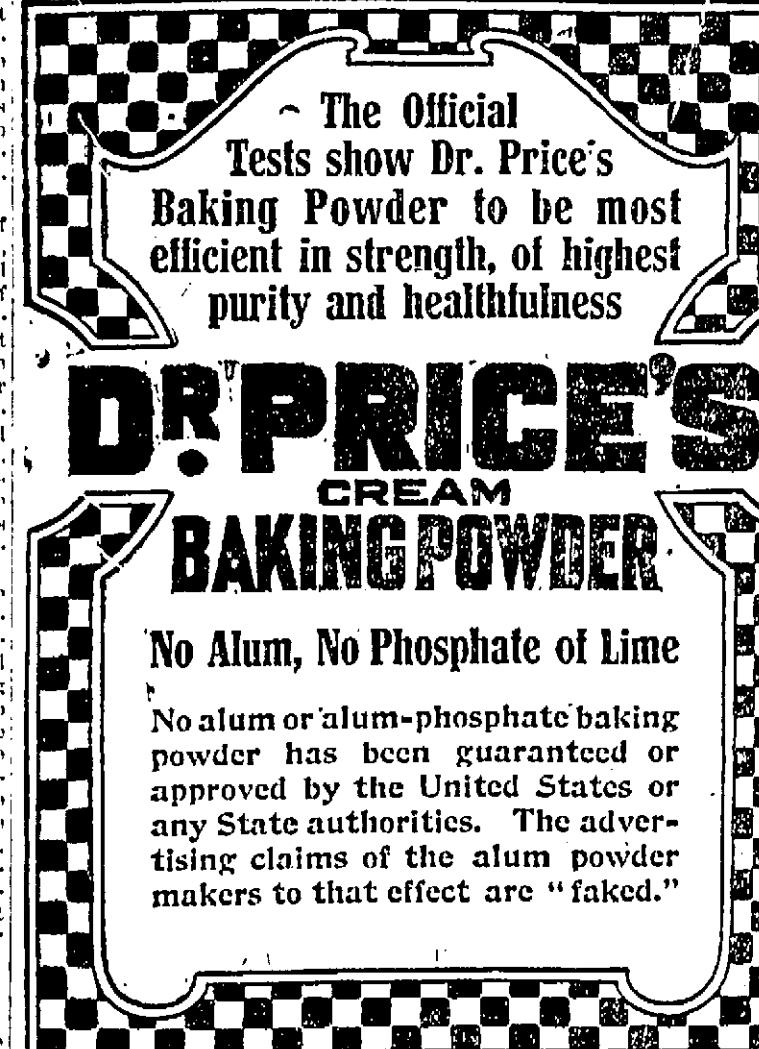

Another message has been sent to congress and they have read it in entirety. "Get busy."

Governor Johnson desires it understood that he is running for office—no scrambling.

Mrs. Elkins will get a man for a husband even if he is a Duke.

So Roger Sullivan is still in control of the Illinois political situation.

It appears that the railroads were more frightened than hurt.

DR. PRICE'S CREAM BAKING POWDER

No Alum, No Phosphate of Lime

No alum or alum-phosphate baking powder has been guaranteed or approved by the United States or any State authorities. The advertising claims of the alum powder makers to that effect are "faked."

China is going to entertain the American fleet. It may help some in doing away with the boycotting habit the Chinese has.

Minnesota has a man who believes he would shine as the top name on the democratic presidential ticket even if he was defeated.

Chicago had a three-million-dollar bill that bids fair to make a stir in the world when it starts to spend its fortune.

It does not look now as though the American motor car would buy my company on its trip through Siberia.

Carpet Cleaning

Not Drifting

There is such a thing as drifting in business and professional life. Just loafing along day by day, taking things as they come. Such a course does not get a man anywhere except nearer to the Poorhouse. Drift-works in his Dental work is not a drift.

He has a definite Policy.
He works towards an end.
That end is

To please his every patient just a little better than his competitors.

Does this policy win?

The facts are, like Dental practice has grown during the last seven years until he has by far the largest Dental business in Janesville.

Good work will win out.

Vigilant effort to avoid hurting also wins out.

Reasonable price ought to appeal to your better judgment also.

Tell him for your next Dental work,

and you too will be convinced that he makes good.

READY TO START AUTO FACTORY

DEFINITE MOVE LIKELY AFTER MEETING HERE TOMORROW.

PLAN TO USE JEFFRIES MILL

For the Shops Is Under Consideration
Twenty-five High Grade Machines Will Be Built This Season.

Definite arrangements for the establishment of the Owen Thomas Motor Car Co.'s automobile factory in Janesville will be made tomorrow when W. Owen Thomas, the genius behind the project, arrives here to confer with the local officers and stockholders of the enterprise. Two of the men who are to be at the head of the drafting and designing department came to the city yesterday and after making an effort to rent suitable houses, had to give up the search and content themselves with flats.

May Lease Jeffries Mill.

The model machine is reported to have been set up and to have proven highly satisfactory and it is also understood that arrangements have been made to patent numerous departures from the ordinary car construction which are believed to be distinct improvements. Twenty-five high grade six-cylinder machines which will be equal to the makes sold for \$1,000 and \$2,000 and which can be placed upon the market for about \$2,500 are to be built this season and if they meet with the favor anticipated, the output will greatly increased another year. It is quite probable that the Janesville Auto and Body plant on North River street, which is at present unoccupied, will be utilized for the shops.

Distinctly A Local Concern.

Local men are said to have subscribed about \$10,000 and to own the majority of the stock in the enterprise. At a meeting held on the 18th of last July the company elected Second Vice President Kendrick of the Santa Fe railroad, as president; Owen Thomas, as vice president; S. M. Smith of this city as secretary and treasurer; and Geo. S. Parker, S. M. Smith, Supt. of Motive Power Quad of the C. & N. W. and the Moens, Kendrick and Thomas, as directors. Local stockholders other than those whose names have been mentioned are: E. B. Dalton, David and W. S. Jeffries, and J. M. Boutwick & Sons.

APTON
Atton, March 26.—Ever alert and ready to take up any ideas that give promise of a good social time, the members of the Ladies' Aid society are planning to hold a coffee social at Brinkman's hall, Tuesday evening, March 21, to which all are cordially invited. Certainly rigid rules and regulations will govern the holding of this social, among which the following are the most important: All ladies must wear called dresses and are also requested to bring a half pound of carpet rags. All gentlemen must wear called neckties and are kindly requested to bring thimble, thread and needles. From 9 o'clock to 9:15 the ladies shall keep silent and the gentlemen shall sing. Suitable fines will be imposed for any infraction of these regulations. An admission fee of 15 cents for adults and 10 cents for children under 10 years of age will be charged and this will entitle all to the following spread: One compound choco; conglomeration chop; one cup comendative cordial (containing no eucalyptus); one elder-cured cucumber; one cup cold comfort. In addition to this, carefully compounded candy will be sold at a rate within the reach of all.

All services will be held at the Baptist church next Sunday, as usual. Work is progressing nicely on the interior and the changes effected are a decided improvement to the building. The republican electors of the town of Rock will meet at Brinkman's hall, Saturday afternoon, April 4th, at 2 o'clock, for the purpose of placing in nomination a town ticket and for the transaction of such other business as may properly come before the meeting. All members of the party are urged to be present and have a voice in the selection of candidates and in the shaping of party policy in the town.

The literary society closed the season with a social held at the home of Mrs. Nellie McCrea last Tuesday evening. During the evening a guessing contest was given, a special committee acting out the titles of 14 popular books, for the others present to jot down on slips of paper, and turn in, when completed, to the committee for inspection. The prize, given for

Don't Wear A Truss

Brooks' Appliance is a new scientific discovery with automatic air exhaust that draws the broken parts together and binds them firmly so that they can't be pulled apart again. It absolutely builds health and comfortability and never slips. Always light and cool and conforms to every movement of the body without hindrance or burlesque. Make it your measure and send it to us for examination. We guarantee it to be safe and reliable and we will refund your money if you are not satisfied. I make it in your order—send it to you—wear it—and if it doesn't satisfy you, just send it back to me and I will refund your money. The bank or other responsible officer in Marshall will tell you that it is the way to business—always absolutely on the square and I have sold to thousands of people that way. The price is \$1.50. I am a plain, simple business man, no titles, no fakes. I just give you straight business deals at reasonable prices. C. E. BROOKS, 4055 Brooks Block, Marshall, Mich.

This Bradford is a high grade instrument in first class condition, practically new, is a standard make, guaranteed for one year, repeating action, three unisons, three pedals, graduating scale, mahogany finish.

The piano can be seen at Hinterschield's 5c and 10c store at any time. Examine it critically and make your bid.

ADDRESS:
R. O. FALK PIANO CO.
Care of Hinterschield's 5c &
10c Store,
Janesville, Wis.
Mark Envelope Plainly,
"Sealed Bids."

the paper containing the most correct answers, was awarded to Mrs. George S. Otto, she having correctly named 8 of the books, while O. D. Antisdel and Mrs. C. F. Walle were tied for second place with 5 each to their credit.

BRODHEAD
Brodhead, March 26.—Mrs. Mabel Connor of Rockford was here a part of yesterday the guest of her parents, Mr. and Mrs. E. J. Dodge, Rev. and Mrs. J. A. Burgh of Oxford spent in Brodhead.

Mrs. A. Barnes went yesterday to Madison, where she is the guest of her sister, Mrs. Clark Crouse and family.

Sidney Bowen and wife were here a few hours on Tuesday en route from Waukon, Iowa to New York city, where they will take a steamer to Panama, where Mr. Bowen is employed.

Lou Kammeyer spent Wednesday in Monroe.

Frank Thompson of Edgar, Neb., is visiting his sister, Mrs. Eva Swanton. The Junior Aid society of the M. E. church will meet with Mrs. C. E. Doolittle on Friday afternoon. Dues should be paid for the next six months. Refreshments will be served and full attendance is desired.

A district convention of the I. O.

G. T., is being held here today. Delegates from various towns and cities are here and interesting meetings are being held.

WE D. Mack is on the sick list this

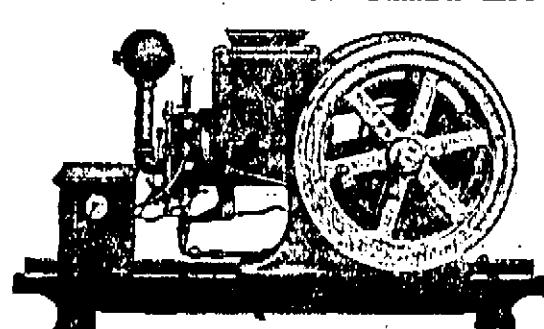

Johnnie Bates is a little better. Several tobacco buyers are in this section, but their offers are disgracefully low, even for a good crop, and the growers are inclined to hold it. Two and a half cents for flue-cured in keeping with three and a half for bluer stock, being considerably out of proportion.

Government by the People.
There are those who confidently hope that in ten years we shall elect locomotive engineers, conductors and train porters in the August primaries. And wouldn't it be a glorious consummation? The proposition would evoke applause even now from all save the railroad representatives and organiza-

Charleston News and Courier.

Choice of Two Evils.
"What would you do," asked the excited politician, "if a paper should call you a liar and a thief?" "Well," said the lawyer, "If I were you I'd toss up to see whether I'd reform or trash the editor." —Pile-Me-Up.

ROCKFORD OPEN JACKET ENGINE

3 H. P.

This engine is furnishing power for a circular wood saw, also for a 12-in. feed cutter with carrier, operating either to full capacity. It will do all of the work required on an ordinary farm such as running cream separators, churns, pumping water, sawing wood, cutting and grinding feed, etc. Substantially built, heavy crank shaft. Sold on its merits. Furnished with or without trucks.

We sell a complete line of engines from 1½ to 30 H. P. Sample engines in stock. Call and see us.

BICKNELL MFG. & SUPPLY CO. GENERAL AGENTS

THE RACKET, 163 West Mil. St.

Snow College OF Dressmaking

It comes to me that there are some people who say that the Snow College cannot fulfill their promises, and who are discouraging their friends in taking a course of training in the school. These people are those who have not taken the trouble to investigate the system and who just assume these conclusions.

We know what the results are to the student, we know that the results are absolutely perfect, and that with a reasonable amount of practice a lady can cut so accurately that there is no fitting whatever. We will go further and say that if the student will put in an honest effort and then cannot get these results it will cost them nothing.

This ought not to be an experiment with Janesville people as we have taught 150 ladies with entire success.

Anyone that thinks these things cannot be done can do no less than to come up and see the work being done, and talk with pupils that are taking the work and have tried the system. This will cost them nothing.

NEWS FROM NEAR-BY NEIGHBORS

EAST PORTER

East Porter, March 26.—Sarah Sutherland and Robert Lee of Janesville and Gertrude Tullard of Edgerton were visitors at Fulton church last Sunday.

Mrs. Hanson and daughter Marlo spent several days last week visiting relatives at Milton Junction.

Frank Sayre and Aaron Wallin are circulating petitions among the farmers in the interest of temperance.

Aaron Wallin and William Gardner spent last Monday working up and leveling off the road between the district No. 8 schoolhouse and Mr. Vedvick's. The road was in a very bad condition and they improved it very much.

Daniel Pierce of Edgerton spent last Saturday and Sunday with Irving Gardner.

The Fulton teachers and pupils are enjoying a week's vacation.

Wm. Gardner, Sr., spent Wednesday day in Chicago.

The Fulton Ladies' Aid society met with Mrs. Price again last Tuesday.

D. F. Sayre, Sr., will give his stereopticon views, "Ten Nights in a Barroom," at the Fulton church next Sunday evening.

Maurice Thomson is spending his vacation with his grandmother in Janesville.

News comes to us that Mrs. Amelia Raymond is in a very critical condition at the home of her sister in Minnesota. There is little hope of her recovery.

John Thomson delivered his 1907 crop of tobacco in Edgerton last Wednesday.

Mrs. Elizabeth Greene's many friends were glad to welcome her at church last Sunday after her return from California.

Curtis Joseph is home from the Agricultural college for the summer.

Frances Gardner spent Thursday visiting the Whitewater Normal.

DARKERS CORNERS

Barkers Corners, March 25.—The beautiful weather the past few days is a reminder that spring is at hand. Robins and other spring birds have made their appearance.

Mr. and Mrs. John Flugler of Janesville were in this vicinity Sunday.

C. B. Shoemaker and Harry Shoemaker left for Chicago, Wednesday morning.

T. Knecht has been confined to the house with the grippe.

Miss Eva Kilian spent a few days visiting her sister, Mrs. Archie Culen of Milton Junction.

Stewart Alverson and family moved to Janesville last week.

Miss Edna Shoemaker spent Tuesday night in the city.

Mr. and Mrs. Robert Hodge called in this part Sunday.

K. Kilian has been confined to the house for a week.

Mrs. Clinger of Edgerton and Mrs. Goo, Nutt spent last Friday at Mr. Stark's.

Miss Julia Dutton visited at her parental home Sunday.

The many friends of Ethel Stewart are glad to hear she is improving so nicely.

UNION VILLAGE

Union Village, March 25.—Floyd Wall has recovered from an attack of mumps.

Blaine Davis has taken his departure for Quincy, Ill., where he will spend the summer.

The Union school has been closed the past week for the spring vacation. The teacher, Miss Emma Holt, has been spending the week at her parental home near Brooklyn.

Chas. Ballard has sold a good work team to Chas. Murphy, who resides east of Janesville.

S. Frost entertained friends from Deloit Sunday.

John Milton has purchased the property formerly owned by Mrs. Currie Putnam-Hollock.

Mrs. Elsie Nohr of Madison and Miss Grace Hall of Evansville were recent guests of Mrs. Adolf Ballard.

Mrs. Elmer Ross, daughter of Lora and son Lawrence and sister, Mrs. Dow, took their departure Monday for Quincy, Ill., where they will reside for a few months. They were former residents of this village but have lived in Evansville the past year. Mr. Ross took his departure several days ago.

PORTER

Porter, March 25.—W.H. Ross of Avalon came up Tuesday and spent until Wednesday night with his brother here.

Mrs. A. Nichols spent Wednesday with her parents near Edgerton.

A. B. Posenen is reported slightly improved. He has been very low with pneumonia.

Master John Barrett is spending a few days with his grandparents, Mr. and Mrs. Collins.

Frank Ross was called to Shoshone

Be Sure

Do not trust too much to your own judgment in medical matters. Consult your doctor frequently. He knows best.

Ayer's Cherry Pectoral

REVISED FORMULA

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure to make no mistake.

Free from Alcohol

J. C. AYER CO., Manufacturing Chemists, Lowell, Mass.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forest, and while potent to cure are perfectly harmless to the most delicate woman or child. Not a drop of alcohol enters into their composition.

A much listed agent is used both for extracting and preserving the medicinal principles used in them, viz.,—Glycerine.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, caused by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Bodily curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its decorative stages it will yield to this sovereign remedy if its use be persevered in.

Catarrh of the Nasal passages is well

wallied taking the "Golden Medical Dis-

covey" for the necessary constitutional treatment, so as to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bron-

chial, throat and lung affections, extractive com-

sition in its advanced stage, will be

most efficient reme-

dy especially in those obstinate, long-

coughs caused by irritation and congestion of the bronchial mucous membranes. The "Dis-

covey" is not so good for acute cases as

the "Golden Medical Discovery" for the

obstinate chronic coughs, which, if neglectfully badly treated, lead up to chronic

itis, the best medicine that can be taken.

Miss Luella Hawk is enjoying a week's vacation from her school duties.

Mrs. Charley Crall spent Wednesday with her cousin, the Misses Edith and Maud Crall.

Miss Vera Fuller is not gallanting as rapidly as her friends wish. She is again confined to the bed. Dr. Loomis is attending the physician.

Charley Crall has rented Mrs. Charley Fisher's farm for three years and with his other farm work expects to have all he can handle for a while.

Walter Little, Sr., is again able to sit up for a few hours at a time.

David Yeomans and family spent last Sunday with Benton Brown and wife.

NORTH JOHNSTOWN

North Johnston, March 25.—Henry Wagner has taken Mrs. Bergman's farm and N. Mohr's to work this coming year.

Charles Grayter is hauling lumber from Avlon for Mr. Hollbrook.

Hugh Fanning purchased a horse of C. Rommerer in Janesville last week.

Thursday evening, March 19th, occurred the death of Louis Malone after a week's illness with pneumonia.

He leaves a wife and five small children, three brothers and two sisters.

The funeral services were held at St. Patrick's church at Whitewater Monday morning at 10:30 o'clock.

K. Kilian has been confined to the house for a week.

Mrs. Clinger of Edgerton and Mrs. Goo, Nutt spent last Friday at Mr. Stark's.

Miss Julia Dutton visited at her parental home Sunday.

The many friends of Ethel Stewart are glad to hear she is improving so nicely.

CHARLEY CRALL

South Spring Valley, March 25.—Ben Thostenson and family of Brodhead spent Sunday the guests of his mother, Mrs. Thostenson.

Mr. and Mrs. Nelson Olli, spent Sunday the guests of Mr. and Mrs. Abe Evans of Brodhead.

James Fitch returned home Saturday from a three weeks' visit with relatives at Brodhead.

Master Samson Hoffman was ill last week and Dr. Murdoch was called to the present writing to improve.

Ben and Andrew Svenson spent Sunday in Plymouth.

John Richmond, Hanz Clinger and John Hegge have purchased their new home of Olli & Fitch.

Mr. and Mrs. Perry Dahlberg spent Sunday at their father's, Christ Dahlberg.

Miss Olien will work for Clark Co. this summer.

Harry Whitehead will work for Pete Walden this summer.

Levi Leaver sawed wood in this vicinity the past week for Mrs. Olli.

Miss Stavedahl, John Hegge, Pete Olson and Knute Rostevig.

Miss K. C. Cadaster is employed in the lumber warehouse at Oxfordville.

Old Stayman called on his son Sover Stavedahl and family were at Brodhead Monday.

Mrs. Marcela Grinnawalt spent Tuesday with relatives at Brodhead.

JUDA

Juda, March 25.—Mrs. Besada Stephens, accompanied by Misses Letitia Thompson, visited Brodhead Saturday.

Cocks of New York Defends Mr. Roosevelt—Senate Votes on Currency Bill Amendments.

Washington, Mar. 26.—In the course of a bitter denunciation of President Roosevelt on the floor of the house of representatives Wednesday, Mr. Stanley of Kentucky compared him by Alexander Hamilton, whom he designated as "an obscure adventurer," and both of whom he said had profound contempt for the constitution and displayed everlasting impatience with its restraints.

The president was a man who relished glamor and who became intoxicated by applause. On the other hand, he said, Mr. Bryan had the respect of the country as a statesman and was trusted as an icon.

Apparently ignoring Mr. Stanley's remarks, Mr. Cocks of New York, representing the president's district, defended the president against the recent attack of Mr. Wilcox, who, while representing another district, is a constituent of his colleague, Mr. Wilcox, replying, declared his complete ability to defend all that he had said.

All the remarks were made during general debate on the agricultural appropriation bill, the consideration of which had not been concluded when the house at 5:15 p. m. adjourned.

Voting on amendments to the currency bill consumed nearly the entire session of the senate. All of the committee's amendments were accepted and incorporated in the bill, and all other amendments, except one, were disagreed to, the voting showing conclusively that only with the sanction of the committee could any change be made in the bill.

PATRONS GET OLEO; NO BUTTER.

Elgin Restaurant Man First to Be Convicted Under New Law.

Chicago, Mar. 26.—The first conviction of its kind under the state oleomargarine law was obtained at Geneva, state pure food commission at Geneva, when a jury in the circuit court there found the proprietor of the Paris restaurant at Elgin guilty of having served oleo instead of butter without notifying his customers.

The conviction means the beginning of a campaign against restaurant keepers throughout the state who palm off oleo on their patrons in the place of butter. The law forbids the furnishing of oleo to restaurant patrons without telling them of the nature of the compound they are getting. A penalty of a fine from \$50 to \$200 and a jail term not exceeding 90 days is provided.

WANTED

I want to hear from owner having

GOOD FARM or

BUSINESS

for sale, any size and any locality.

If you want cash for your farm or business it will pay you to write me today. I only want to hear from owners who are willing to sell direct to buyer and without paying a cent of commission to anyone.

I am not a real estate agent and I don't accept properties for sale on a commission basis. Agents need not answer. If your farm or business is for sale write me at once and I will send you free full details of my new plan of putting you in touch with hundreds of people anxious to buy. I must hear from you quickly, as I have more buyers than I have properties to recommend. It costs you nothing to write to me and I may have someone who wants your place and will pay your full price. In writing give price and description and state how soon possession can be had. Address: L. Derbyshire, Drawer 984, Rochester, N. Y.

Weak Kidneys

Now suspenders for spring wear.

The "Uni Web" Suspenders are made of the newest styles, in fine medium or heavy webs. They are made with mohair ends or soft leather ends, which are cushioned. Those are also strengthened in the cast-off with a metal hook, so it will not tear the leather. They are made first class and the price is only 25c a pair.

"President" suspenders in the latest designs, at 50c a pair.

"Police and Firemen" Suspenders made of extra heavy elastic web with heavy, pliable calfskin ends, at 50c a pair.

**ANOTHER TALK ON
HOME GARDENING**

NATIONAL COUNCIL OF HORTI-
CULTURE GIVES ADVICE.

GERMINATION OF SEEDS

What Is Necessary to Guarantee a
Good Garden During the
Coming Summer.

Perhaps nothing in years has given
Janesville property owners such an
impetus in gardening as has the talk
of the plans of the Janesville Park
and Pleasure Drive Association. In

Milwaukee a back yard contest was
held last year and it is agreed to be
held this summer with an idea of

making waste spots beautiful. The
same was tried in Madison last year
with success. However, Janesville does

not need such contests. On the aver-

age the back yards are as pleasant to

look upon as the front and the city
parks last summer were spots of

beauty where hundreds daily enjoyed

the delights of the out-door existence.

As suggestions to the home gardener
the National Council of Horticulture
has sent the Gazette a series of
articles on the rural gardens which it
presents to its readers. They are de-
signed to help the beginner. Germin-
ation of seeds is one of the subjects
presented today.

Darkness and definite amounts of
heat, moisture and oxygen are re-
quired to accomplish the germination
of seeds. The seeds are stored with
enough energy to enable them to de-
velop a certain length of shoot and
root so it is not necessary to have
the soil in which to sow them rich,
provided it is intended to transplant
the seedlings. It is important to have
good drainage, and at the same time
should not dry up too quickly.

The amount of oxygen supplied to
seeds regulates itself. If they are
planted in soil that will readily admit
air, heat and moisture should be
carefully regulated. A mixture con-
taining equal parts of loam, leaf-
soil or peat with a good sprinkling of
sand will give best results except for
seeds of aquatic plants, orchids, etc.,
which require special and expert
treatment.

In preparing soil in which to plant
seed it should be passed through a
coarse screen to remove lumps. If
the seeds are to be sown in pots, the
latter should be cleaned and a few
pieces of broken pots or pebbles placed
in the bottom of the pot for drainage.

Filling the pots with the soil rais-
ing the surface firm and level, the
seeds are very small size fine soil on
top and immerse the pots in water,
allowing them to soak well before
sowing the seed. The latter should
be scattered over the surface if they
are small, not covered. Place over
them pane of glass.

Viburnums are handsome and vigor-
ous shrubs of the easiest cultivation,
succeeding best in rather moist sit-
uations. There is beauty in their
form and flowers, as well as foliage.

Among the best varieties is Appen-
chian Tea, growing about six feet
high, wth hith, leathery leaves, flow-
ering in the early part of June. Then
follow the handsome flowers, and the
fruit changes from green to rose
and finally to bluish black.

English Wayfaring tree, or Hobble
Bush, grows to 12 or 15 feet, at its
best. The flowers are small and white
appearing in May and June. In flat
clusters at the ends of the branches.
The fruit is red changing to black, and
the leaves die off a rich red.

High bush Cranberry is a hand-
some shrub 5 to 10 feet high which
in autumn is striking by reason of
its clusters of fine red berries and the
color of its leaves.

When taken before Magistrate Sent
in the city hall police court on March 16,
he professed the story of his wan-
dering life with the following char-
acteristic statement:

"Not married—Mr. Magistrate, I
counted them all; I married none;
and still I be a rambling son."

The well known "Snowball" (Vi-
bernum opulus sterilis) has rounded
masses of white flowers. Japan snow-
ball (Viburnum plicatum) is a
straight robust flowering shrub of
great and graceful habit with dark
green leaves. It bears flower trusses
3 inches or more across. Viburnum

lentiginosum of which the Japanese
snowball is a variety, is a handsome
plant with broad flat flower heads
which set cover the branches as to
render it an object of singular beauty.
Arrowwood is a small growing
shrub seldom more than five or ten
feet high with light colored bark and
flowers of dark blue, large and showy,
followed by purple fruit which hangs
long on the plants.

The pansy or heartsease is one of
the oldest and most popular of gar-
den flowers. The brilliancy and vari-
ety of their colors make them most
useful as border plants.

The amateur may sow seed in the
spring, where the soil is moist and
not too warm, and he will get plants
that will blossom in summer and keep
blooming until fall. The flowers must
be kept picked closely, to insure
steady blooming.

If earlier blossoms are dredged,
plants that have been carried through
the winter in cold frames should be
obtained from the florist. The plants
should be set out as soon as the
ground is in condition for working
and the danger of frost is past. The
only cultivation necessary is stretching
the ground to keep it from breaking
and keeping the bed reasonably free
from weeds.

The grower who wishes to have his
own early plants should sow seed in
August or September and transplant
the seedlings to pots to be kept in
the house or, better still, in cold
frames with good soil where they may
remain until winter when they would
be protected by glass and boards.

THE MYSTERY

By STEWART EDWARD WHITE
And SAMUEL HOPKINS ADAMS

COPYRIGHT, 1907, BY MCCLURE, PHILLIPS & CO.

"Penny-poppinwheel of a volcano, anyhow," remarked Trendon disparagingly. "Real man-size eruption would have wiped the whole thing off the map first whack."

As they drew in it became apparent that they must scale the cliff from the boat. Farther to the south opened out a wide cove that suggested easy beaching, but over it hung a cloud of steam.

"Lava pouring down," said Trendon. Fortunately at the point where the cliff looked easiest the seas ran low, hopes had been brought. After some dainty maneuvering two of the sailors gained foothold and slung the ropes so that the remainder of the disembarkation was simple. Nor was the ascent of the cliff a harsh task. Half an hour after the landing the exploring party stood on the summit of the hill, where the black flag waved over a scene of utter desolation. The vegetation was withered to pallid rags; even the thickest woodling in the rocks crevices had been poisoned by the devastating blast.

In the midst of that deathly scene the flag seemed instinct with a sinister liveliness. Whoever had set it there had accurately chosen the highest available point on that side of the island, the spot of all others where it would make good its signal to the eye of any chance farer upon those shipless seas. For the staff a ten foot camping pole, finely polished, served. A mound of rock slabs supported it firmly. Upon the cloth itself was no design. It was of a dull black, the hue of soot. Captain Parkinson, standing a few yards off, viewed it with disfavor.

"Put that flag," he ordered.

Congdon, the cockswain of the gig, stepped forward and began to work at the fastenings. Presently he turned a grinning face to the captain, who was scanning the landscape through his glass.

"Beggin' your pardon, sir," he said.

"Well, what is it?" demanded Captain Parkinson.

"Beggin' your pardon, sir, that ain't rightly no flag. That's what you might rightly call a garment, sir. It's an undershirt, beggin' your pardon."

"Black undershirt's a new one to me," muttered Trendon.

"No, sir; it ain't rightly black. Look."

Wrenching the object from its fastenings, he flapped it violently. A cloud of sooty dust, beaten out, spread about his face. With a strangled cry the sailor cast the shirt from him and rolled in agony upon the ground.

"You fool!" cried Trendon. "Stand back, all of you!"

Opening his medicine case, he bent over the rucked sufferer. Presently the man sat up, pale and abashed.

"That's how poisonous volcano gas is," said the surgeon to his commanding officer. "Only inhaled remnants of the dust too."

"An ill o'clock for the man we're seeking," the captain mused.

"Dead if he's anywhere on this highland," declared Trendon. "Let's look at his fingnails."

He examined the staff. "Came from the bench," he pronounced. "Water worn. If'n maybe he ain't so dead either."

"I don't quite follow you, Dr. Trendon."

"Why, I guess our man has figured this thing all out. Brought this pole up from the beach to plant it here. Why? Because this was the best observation point. Not good as a permanent residence, though. Planted the dag and went back."

"Why didn't we see him on the beach, then?"

"Did you notice a cave around to the north? Good refuge in case of fumes."

"It's worth trying," said the captain, putting up his glass.

"Hold on, sir! What's this? Here's something. Look here."

Trendon pointed to a small bit of wood rather neatly carved to the shape of an inkpot, finger and lashed to the staff at the height of a man's face.

"Don't explain enough," grunted Trendon. "Deserted ship, Billy Edwards, mysterious lights, blade and his story—any explosives in those? Good enough far as it goes. Don't go far enough."

"It certainly leaves gaps," admitted the other.

He turned over a few more pages.

"Formulae, formulae, formulae. What's this? Here are some marginal annotations."

"Unbehaved," read Trendon. "Let's see, that means 'highly unsatisfactory,' or words to that effect. Huh! Here's where the old man loses his temper. Listen! 'May the devil take Carroll and Crum for carelessness—h'm—well, pig dogs.' Now, where do Carroll and Crum come in?"

"They're a firm of analytical chemists in Washington," said the captain. "When I was on the ordnance board I used to get their chemicals."

"It's in. What? More English? Worse than the German this is."

The writing, beginning evenly enough at the top of a page, ran along for a line or two, then fell, sprawling in huge, ragged characters the full length. Trendon stumbled among them indignant.

"June 1, 1904," he read. "It is done. Triumph (German word). Eureka. Edel gefult. From the teamt make out that word of the inspiration—God-like power—solution of the world problems? Why, the old fool is crazy! And his writing is crazier. Can't make head or tail of it."

The captain turned several more pages. They were blank. "At any rate, it seems to be the end," he said. "I should hope so," returned the other disgustedly.

He took the book on his knees, flinging the leaves between thumb and

forefinger. The others crowded around.

"Oh, the devil!" cried Trendon. "It must have got twisted. It's pointing straight down."

"Strange performance," said the captain. "However, since it points that way, leave aside those rocks, men."

The first slab lifted brought to light a corner of cupboard. This on closer examination proved to be the cover of a book. The rocks rolled right and left, and as the flagstaff, deprived of its support, tottered and fell the trove was dragged forth and handed to the captain. While the ground jarred with occasional tremors and the mountain puffed forth its vaporous threats he and the surgeon, seated on a rock, gave themselves with complete absorption to the reading.

CHAPTER XXVIII.

OUTWARDLY the book recorded ill with its surroundings. In that place of desolation and death it typified the petty neatness of office processes. Properly placed it should have been found on desk, with pens, rulers and other paraphernalia forming exact angles or parallels to it. It was a quarto, bound in marbled paper, with black leather over the hinges. No external label suggested its ownership or uses, but through one corner, blackened and formidable in its contrast to the peaceful purposes of the volume, a hole had been bored. The agency of perforation was obvious. A bullet had made it.

"Seen something of life, I reckon," said Trendon as the captain turned the volume about slowly in his hands.

"And of death," returned Captain Parkinson solemnly. "Do you know, Trendon, I almost dread to open this?"

"Ishaw!" returned the other. "What is it to us?"

He threw the cover back. Neatly lettered on the inside, in the fine and slightly angular writing characteristic of the Teutonic scholar, was the legend, "Karl Augustus Schermerhorn, 140½ Spruce street, Philadelphia, Pa." The opposite page was blank. Captain Parkinson turned half a dozen leaves.

"German!" he cried in a note of disappointment. "Can you read German script?"

"After a fashion," replied the other. "Let's see, Eh woume sochs—und verschiss unterlache!" he said. "Why, blast it, was the man running a haberdashery? What have three dozen undershirts to do with it?"

"A memorandum for outfitting probably," suggested the captain. "Try here."

"After a fashion," replied the other. "Let's see, Eh woume sochs—und verschiss unterlache!" he said. "Why, blast it, was the man running a haberdashery? What have three dozen undershirts to do with it?"

"A memorandum for outfitting probably," suggested the captain. "Try here."

"Well, here's something in English."

"Good," said the other. "By combining the hypersulphite of iron with the fumes arising from oxide of copper heated to 1000 C. and combining with perls acid in the proportions described in formula x 18, reaction, the nature of which I have not fully determined, follows. This must be performed with extreme care owing to the unstable nature of the benzene compounds."

"Perls acid? Benzene compounds? Those are high explosives," said Captain Parkinson. "We should have Barnto go over this."

"I don't quite follow you, Dr. Trendon."

"Why, I guess our man has figured this thing all out. Brought this pole up from the beach to plant it here. Why? Because this was the best observation point. Not good as a permanent residence, though. Planted the dag and went back."

"Why didn't we see him on the beach, then?"

USE THESE WANT ADS.

The Gazette in trying to give the people of Janesville and Rock County a bigger and better paper continually will devote considerable time and space to featuring its classified columns, or in other words the

WANT ADS.

The want ads. will serve innumerable purposes if properly understood. Every few days we are printing one article concerning the writing of want ads., showing the different uses to which they can be put.

Want ads. have been known to sell anything from an automobile to a suit of clothes. The rate is always the same—

3 LINES 3 TIMES 25c.

In one instance a GAZETTE want ad. brought 50 replies. Instances are frequent where 15 to 25 replies have been received.

To better facilitate the reading of the want ads., they will be classified in the future, as many different classifications being made as are deemed advisable. The following classifications will be used to begin with:

Wanted—Miscellaneous.
Wanted—Male Help.
Wanted—Female Help.
Wanted—Male Situation.
Wanted—Female Situation.
For Rent.

Wanted to Rent.
For Sale—Real Estate.
Houses and Lots.
For Sale—Live Stock.
For Sale—Miscellaneous.

Lost.
Found.
Personal.
Barter or Exchange.
Miscellaneous.

All copy must be received not later than 12:00 noon of the day of publication, for insertion in the regular column. Copy received later will be inserted under the heading, "**Too Late to Classify.**" Ads. may be mailed or phoned as heretofore and they will be inserted under the proper classification.

If you do not wish your name to appear, a "blind address" will be given; that is, a number will be given to the ad. and the replies will come to this office. These replies will be held until you call for them, or will be mailed to parties out of town.

A 3 line **Situation Wanted** may be the means of a better salary.

A **For Sale—Miscellaneous** ad. will sell a suit of clothes that you have outgrown, or a lot of furniture that you wish to dispose of. It will sell hay, wood, office supplies, machinery, wagons, buggies, musical instruments.

Barter or exchange ads. can be used in many ways. For instance: If you have a kodak, violin, tools, etc., and you would rather have a gun, bicycle, books, or a magic lantern, write an ad. as follows:

No. 2 Brownie Kodak, good lens, takes picture 2½x3½, with outfit for developing and printing, worth \$10.00 when new, will exchange for a single barrel shot gun in good condition, or anything you want to offer. Reply to 38 Gazette.

Read today article—"Money Making Ways of Using Want Ads."

Hereafter the Want Ads. Will Be Placed on Page Six

We will make every endeavor to please the patrons of these columns, and you will receive the same kindly attention on the smallest WANT AD. that is given to the display advertisers.

OUT OF TOWN SUBSCRIBERS desiring to use these columns can either send their ad. in by mail or over the phone. If you have a horse or a cow that you wish to sell, an ad. inserted three times should bring about a sale!

Real estate is sold every day through these little ads. We call to mind one instance where a man sold over 50 cords of hard wood by using a few of the WANT ADS. If you have never used them you cannot appreciate the convenience they are to the public. The next time you have anything to sell, barter or exchange, rent, loan, use a want ad. and get acquainted with these little money makers.

**If there is any particular attention that you desire,
drop us a postal, or phone 77-2 rings.**
